WOULD SUBSTITUTE

SUMMER SCHOOL AT UNIVERSITY FOR INSTITUTE

County Superintendent Montoya Has Plan to Combine Teachers Institutes of Five Counties Here.

WOULD MAKE LARGE AND EFFICIENT SCHOOL

Success of Plan Depends on Willingness of Socorro, Valencia, McKinley and San-
dadoval to Co-Operate.

Plans are being considered by County Superintendent Atanacio Montoya, which after this year, will do away with the county school teachers' institute here, and substitute for it a short summer course of the University of New Mexico. Cooperation by Valencia, Sandia, Socorro and McKinley counties is necessary for the success of the plan, but it is believed the superintendents of those counties will readily join.

The idea is to give up institutes in five counties, and combine on the summer course at the university. With the resources of big counties combined, a quinquennial institute of decidedly noteworthy character could be arranged.

The funds would enable the committee in charge to secure a faculty of a dozen or fifteen specialists. The faculty members would be of the highest rank and standing in their fields, and the course would be pretty nearly as valuable as a condensed university term.

With such a five-county institute it is believed that the attendance of teachers would not be less than 200. Vaccinologists or others interested in the subjects would probably attend, and in the course of time, should the institute be made a regular feature, the summer school on the heights might easily become one of the best-known institutions of its kind in the west.

The plan has not yet been formally placed before either the university authorities or the other superintendents. At the present time Mr. Montoya is busy with plans for the Belen Institute, which will open on June 15. As soon as that is out of the way, however, he will begin working for the success of the plan for the combined institute.

It is not believed that any difficulty will stand in the way of the plan at the university. President Boyd would probably agree even to head the faculty of the institute. Mr. Montoya will lay the plan before the superintendents of the other four counties, and he hopes to bring about in the near future a meeting that will lead to successful launching of the scheme.

RAY C. BAILEY AND MISS GRIMMER WED; TOUR TO CALIFORNIA

Ray Charles Bailey and Miss Kathryn Clara Grimmer, daughter of Mr. and Mrs. William E. Grimmer, were married this forenoon at the residence of the bride's parents, 509 North Eleventh street. It was a quiet home wedding, attended by only a few friends in addition to the relatives, but charming in its simplicity. The house was decorated with red carnation roses.

Rev. Hugh A. Cooper, pastor of the First Presbyterian church, performed the ceremony. The bride was attired in a traveling suit. She was attended by Miss Frances Stromer as maid of honor, and William Grimmer of Chicago, brother of the bride was best man. Mrs. Mabel Stevens Bimore played the bridal march.

A delightful wedding breakfast was served. The bride cut the wedding cake.

Mr. and Mrs. Bailey left on the California limited for San Diego, at 11:50. A jolly party saw them off, showering them with rice and good wishes. They were welcomed on the observation platform as the train started with them on their honeymoon journey. They will be gone a month, visiting the Grand Canyon on their way back. On their return they will make their home with the bride's parents.

E. A. MOSSMAN FINISHES AUDIT OF CLOVIS BOOKS

Emmett A. Mossman, who audited the books of the city clerk and the city treasurer, is expected to begin an audit of the books of the city hall fund today or tomorrow. Mr. Mossman returned today from Clovis, where he audited the city books. The audit of the hall committee accounts was ordered by council two weeks ago, when it was discovered that the original audit resolution did not provide for the committee books.

PLANNING ORGANIZATION OF STATE ASSOCIATION

A state poultry association, com-
posed of all the organizations of
poultrymen in New Mexico, is being
planned by the Albuquerque Poultry
association. At a meeting in the
Commercial club arrangements are
to be started for a banquet at which
the association movement is to be
formally launched.

The show committee will report at
the meeting. The show is to be held
next November during the time the
State Educational association is in
session.
